

**Giza:** COSMO-SkyMed © ASI/Italian MoD

Multitemporal image; the three colour channels correspond to the following dates:

Red: 09/04/2008

Green: 17/04/2008

Blue: 11/05/2008

The area shows Cairo town, the intensive agriculture Nile river valley and the almost desert area of Giza. No changes (=colours) can be seen in the town or in the desert area, while different colour of agriculture field are related to different cultivation practises in the April-May period.
